Charlie Chaplin was born in London, on April 16, 1889. Chaplin's talents were so great, and he developed them with such zeal and persistence that by the age of 25 Charlie earned more than 1000 dollars a week, in 26 years his income amounted to as much as 670 000 dollars a year. For comparison - the President of the United States at that time earned for 12 months only - 75 thousand. Soon followed a multi--million dollar contract with First National Pictures.

Charlie Chaplin is an Academy Award winner and has appeared in over 80 films.
